PG Technologies, Inc. is a recognized leader in the manufacture and supply of membrane switches and silicone keypads as well as both membrane switch and silicone keypad assemblies. PG Technologies with its diverse capabilities can also supply LCDs, Touch Screens, PCBs, as well as commercially printed graphic overlays and labels.

We specialize in **value-adding services**, which include...

- quality workmanship
- world class pricing
- low-cost region manufacturing capabilities
- on-time delivery
- full inventory management control
- diverse software and technical capabilities

Quality & Service

Our experienced design team uses the latest software and technologies to assist in the design and manufacture of your specific requirement to your exact specifications – we have the equipment, processes, and flexibility to meet all of your keypad, custom assembly, display, PCB, and printed graphics needs.

Your Complete Low-Cost Supplier

By also utilizing low-cost region manufacturing facilities in parallel with our domestic capabilities, we are able to offer world-class pricing for virtually any product platform at any quantity break or configuration. We will match the most cost-effective processes to your specific needs and budget.

Your Business Partner – Now and for the Future

By utilizing a lean manufacturing approach, PG Technologies will accommodate your needs with respect to forecasted demand, ERP planning, JIT inventory programs, as well as managing finished goods inventory at our headquarters in Westfield, MA.

Many of our customers have come to think of PG Technologies as an extension of their own manufacturing facilities – one of the highest compliments we receive.

Contact us today

Let us demonstrate our

- aggressive pricing philosophy
- responsiveness to your requirements
- commitment to complete customer satisfaction

PG Technologies is your **single source** for all of your keypad, custom assembly, display, PCB and printed graphic requirements. We know you'll appreciate the clear edge that PG Technologies provides to our customers.
